

Aspirator Robot Xiaomi MiJia

Instructiuni de conectare la internet a aspiratorului robot Xiaomi.

Descarcati si instalati aplicatia "MiHome" si deschideti-o.

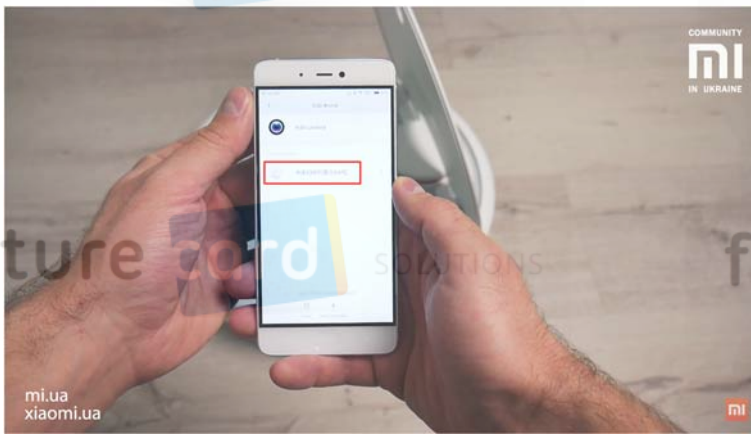

Deschideti clapeta superioara a robotului si apasati simultan cele doua butoane, pana cand incepe sa clipeasca indicatorul LED "Wi-Fi"

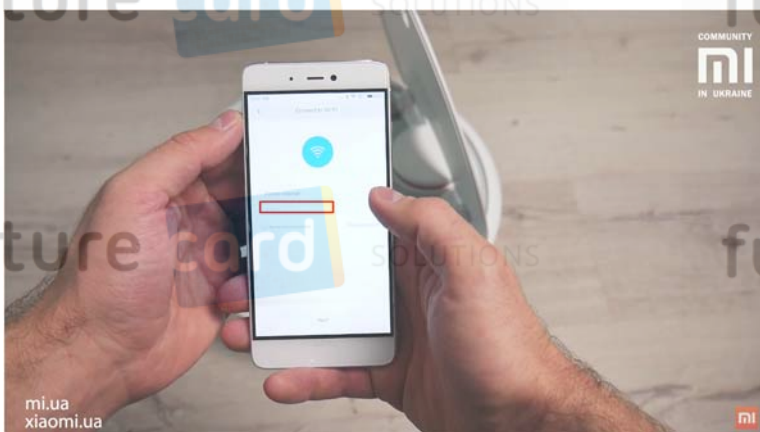

Apasati butonul "Scan" in aplicatia MiHome.

Cand dispozitivul apare in lista apasati "Add".

Selectati reseaua dvs. wireless (SSID) si introduceti parola.

Acum va puteti deconecta telefonul de la reseaua Wi-Fi si puteti controla robotul prin internet. (necesita conexiune 3G sau 4G).
